

Call for papers

The Conference on Transportation, Science and Technology will be organized by University of Transport Ho Chi Minh City (UTH) from 5 to 18 May 2023 at the main campus in celebration of the University's 35th anniversary (18/5/1988 – 18/5/2023), and 60 years of Vietnam Science and Technology Day (18/5/1963).

The conference objectives

The conference provides an international forum for the scientists and experts in transportation, intelligent computing, engineering, logistics or any other trends related to the theme covered by this conference to share expertise, discuss the state-of-the-art technology and applications in the industry.

The conference is an opportunity to review scientific research and technology transfer activities at UTH, especially in transportation field; facilitate the academic and technological exchanges among UTH, training and research institutions, domestic and foreign enterprises.

Scopes: The scope of the conference will cover but not be limited to:

- ❖ Transportation – Construction engineering – Environment
- ❖ Mechanics – Dynamics – Maritime Sciences
- ❖ Electricity – Electronics, telecommunications – Information technology – Automation – Artificial Intelligence
- ❖ Economics – Logistics Management
- ❖ Social sciences – Political theory – Fundamental sciences – English language

Paper submissions

The University of Transport Ho Chi Minh City cordially invites the academics, students and enterprises working in the fields related to the conference scopes to register, submit the research papers and attend the conference.

- ✚ The manuscripts are prepared in either Vietnamese or English and submitted on the conference submission system (<https://easychair.org/conferences/?conf=ctst2023>) before **01 April 2023**.
- ✚ The papers accepted by the Conference Scientific Committee will be presented on 5 May, and published in the Conference Proceedings (with indexed ISBN of the Transport Publishing House). These papers are also counted as the scientific hours according to the working regulations of the academic lecturers.
- ✚ The high-quality papers will be selected to represent on 16 May 2023, and published in the Journal of Transportation Science and Technology (ISSN 1859-4263, <https://jtst.ut.edu.vn/>). These papers will be counted 0.75 points according to the regulation in 2022 of the State Council for Professorship, and will be supported to publish in the ISI / Scopus-indexed journals which are the cooperation partners of UTH.

Agenda

- ✚ Opening session: 9:00 – 10:30 AM on 16 May 2023.
- ✚ Presentations: 10:30 – 16:30 on 16 May.
- ✚ Exhibitions on scientific and technological achievements of research groups, combined with a job fair in the university yard during the conference.
